YOUR INFECTION GUARD

Committed to build safe and better world for healthcare industry
Think sterilization and safety | Think ORO

ABOUT ORO

The veins of the ORO legacy trace back to 2009, when the distribution started from a small rented shop. This worthy lineage is well accepted across all the corners of India. Within a short span of time by 2013 ORO gained a popular name in the Dental Infection Control product range. ORO achieved accelerated growth and went on to become a preferred need in Dentistry with commitment, perseverance, and quality services. The beginning of 2015 marked yet another significant milestone, where ORO started its export to international markets. We started marking our presence in the International exhibition with a whopping response. We introduced Sure-endo to quantify customers demand with high-quality dental infection control

Carried the mantle forth by introducing modern, innovative ideas with smart services. Our products are now acknowledged globally in over 40+ countries. With a clear vision and focused thoughts, our team is ready to take the brand from the nascent stages to greater glory with our own manufacturing facility in India. Our enthusiastic and young team is all set to abreast modern, innovative ideas to ensure that our brand paces ahead adding value to our esteemed customers. With a highly competent team of professionals and their unified efforts, ORO believes to deliver sustainable success with a promise of persistent quality and availability.

Vision

While retaining our current reputation of "your infection guard" Our vision is to become 'leading manufacturer and supplier' of barrier packaging & and associated products for controlled area.

Mission

Our Sterilization packaging products, Protective clothing and supplementary products are targeted to cater the needs of 'Healthcare segment' for their CSSD, Production, Quality Control & Assurance sections. We aim to support their needs by offering suitable products manufactured at 'state-of-the art' facility with desire to maintain the 'best availability'

VALUES

Belief

Our strong belief is our people and we work by taking ownership to deliver our promises persistently

Unify

We encourage and challenge each other with respect to achieve our common objective with fun and by helping each other unified

Futuristic

We plan ourselves by targeting long term and sustainable success

Understanding

We are open and have courage to try new and learn from our mistakes. We get happiness in developing partnership with our customers by rising understanding of small things to offer a solution

CONTENT

STERILIZATION REEL AND POUCH

Speedy　Simple　Selection

Medical grade Sterilization reels & pouches allow sterilization of packaging contents while maintaining sterility until the package is opened. Ensuring delivery without any cross contamination

- Tear, fibre-free opening and aseptic presentation
- Triple layer sealing makes it easy to peel and with less force
- Wide range of standard sizes allows optimum choice
- Tinted transparent, reinforced multilayer co-polymer PET/CPP film
- Excellent gas permeability and microbial barrier properties
- Suitable with Steam, EO sterilizers
